GENERAL

How did the authorities from Portugal and Spain cooperated (within their own teams and between the two countries)? Were their respective roles clear? Please develop.

What was done differently compared to your own countries' practices?

Which part of the field visit did you find the most useful? Please explain why.

Which part of the field visit did you find the least useful? Please explain why.

What was the most useful knowledge/information/skill you got from the field visit?

What information do you think would be important to share with other members of the Themis Network and/or your colleagues back home?
